ANNOUNCEMENT LS-98

NOVEMBER 2002

**PURCHASE OF CANNED MEATS
FOR DISTRIBUTION TO ELIGIBLE OUTLETS
CANNED PORK WITH JUICES
CANNED BEEF WITH JUICES
CANNED LUNCHEON MEAT**

I. GENERAL

A. The United States Department of Agriculture (USDA) will periodically issue Invitations under this Announcement for offers to sell to USDA canned beef, canned pork, and canned luncheon meat in accordance with Technical Data Supplement for Canned Meats--Product Codes A610 and A630, dated November 2000, and Amendments 1 and 2 (hereinafter referred to as TDS-CM), Item Description and Checklist of Requirements for Canned Luncheon Meat--Product code A617 and A621, dated February 2001, (hereinafter referred to as TDS-LM), and the Institutional Meat Purchase Specifications (IMPS) General Requirements.

Canned meat products will be purchased on a competitive bid basis from suppliers who have met qualification requirements described in Section I.D.4. Interested suppliers may submit samples and documentation at any time during this purchase program. Suppliers should allow 10 working days from receipt by USDA for notification of results of the evaluation of the canned meat products, quality control program, and process description. Following notification of acceptance of canned meat products and documentation, a supplier should promptly request a pre-award supplier assessment audit as outlined in Section I.D.4. A Supplier is eligible to bid after notification by the Contracting Officer of a satisfactory pre-award assessment.

Submission of samples, production process documentation, and quality control program is not binding on USDA. Actual purchases will be on a competitive bid basis as described in this Announcement and separately issued Invitations. The Invitations will specify the product type, offer date, closing time for receipt of bids, shipping period, destinations with any transportation restrictions, and any other provisions applicable to the proposed procurement, which are in addition to or different from those set forth herein (see Exhibit A for an example of an Invitation). Bids solicited under this Announcement and applicable Invitations are for delivery of products to USDA on a f.o.b. destination or f.a.s. vessel basis only.

Additional bid and contract provisions are included in the Annual Certifications, Representations, and Warranties (Appendix-1) and the General Terms and Conditions for the Procurement of Agricultural Commodities or Services, Revision 2, dated November 1984, and Amendments 1, 2, 3, and 4 dated October 1990, November 1990, August 1989, and March 1990, respectively, hereinafter referred to as USDA-1.

B. Offerors are cautioned to carefully read this Announcement, Appendix-1, USDA-1, Invitations, TDS-CM, TDS-LM, IMPS General Requirements, and applicable Instructions of the Agricultural Marketing Services' (AMS), Audit, Review, and Compliance (ARC) and Meat Grading and Certification (MGC) Branches. Failure to do so will be at the Offeror's risk. These documents are incorporated into the contract (see Section IV of this Announcement). Offerors are cautioned that statements made by persons other than the Contracting Officer are not binding on the Government unless confirmed in writing by the Contracting Officer.

C. Offer Prices and Evidence of Shipment

Offer prices must be quoted and delivery of product must be on the basis of f.o.b. railcars or trucks at destination or f.a.s. vessel as specified in the applicable Invitation. Certain destinations require delivery by TRUCK ONLY or RAIL ONLY and will be so identified in the Invitation. **All product whether shipped by truck, rail, or piggyback must be palletized and stretchwrapped in accordance with instructions contained in the IMPS General Requirements unless the Invitation and subsequent contract specifies "NO PALLETS." Contractors may arrange for pallet exchange with consignee; however, USDA is in no way responsible for such arrangements.** Offers submitted on a basis other than f.o.b. destination or f.a.s. vessel will be rejected as nonresponsive.

When notified of shipments, consignees may request upgrading of delivery services, for example, delivery within the consignee's premises or to a specific room within a building. Such delivery terms are beyond USDA contractual requirements. Any negotiations to upgrade services are between Contractor and consignee and any additional charges for special delivery terms are between the consignee and the Contractor. Any charges invoiced to USDA for additional delivery services will be denied.

When making deliveries to more than one destination from the same railcar, the quantities required at each stopoff must be placed in separate compartments under seal. Each railcar compartment must be stacked in a manner that will preclude containers shifting while in transit.

Contracts for all canned meat products purchased under this Announcement will be awarded on an f.o.b. destination or f.a.s. vessel basis with quality assurance determined by USDA through pre-award and post-award audits as described in Section I.D.4. If transportation is provided by other than common carrier, the Contractor must attach to the Contractor's invoice a receipted copy of the appropriate delivery document evidencing date of delivery and quantity received at the destination specified in the contract.

D. Responsibility of Offeror

1. Annual Certifications, Representations, and Warranties

An Offeror intending to submit bids must complete the Annual Certifications, Representations, and Warranties in Appendix-1 and return it to the Contracting Officer at the mailing address listed in Section II. A. of this Announcement prior to the submission of its initial bid. The Appendix must be signed by an Officer of the company. If there are any changes or revisions to the annual Appendix-1, offeror must submit an updated Appendix to the Contracting Officer or submit corrections or revisions prior to bid submission.

2. Standard Form 129--Solicitation Mailing List Application

An Offeror intending to submit bids must also complete a Solicitation Mailing List Application (SF-129) and return it to the Contracting Officer at the mailing address listed in Section II. A. of this Announcement prior to the submission of its initial bid.

All items (except Item 18) of the SF-129 must be completed (see Exhibit B). Offeror must also include the following information for Items 4, 8, 10, 16B, 19, and 20:

Items 4 and 8: The Federal meat inspection establishment number or State inspection number and employer's identification number.

Item 8: Identify all affiliates of offeror (applicant as shown in 4) by providing full name, main office address, and employer's identification number of the affiliates. An "affiliate" is defined on the back of the form.

Item 10: The products the offeror is interested in supplying, weekly volume of production, capacity, and percent of capacity available for USDA contracts.

Item 16B: Identify the freezer or warehouse to be used and its storage capacity.

Items 19 and 20: Must be an officer of the company.

Offeror must certify with each bid to the accuracy of the current SF-129 and Appendix-1 on file with the Contracting Officer.

3. Responsibility

A firm submitting an offer under this Announcement must meet the Federal standards for responsibility contained in Title 48 C.F.R. Subpart 9.1, USDA-1, this Announcement, and Invitations. Facilities to be used in fulfilling USDA contracts must be operating under the provisions of the Federal Meat Inspection Act (FMIA), 21 U.S.C. 601 et seq., and the regulations issued thereunder.

Offeror must ensure that all products offered for USDA purchase are in compliance with applicable contract and specification requirements. Offeror shall authorize the Contracting Officer's Technical Representative (COTR) unrestricted access to all records that pertain to USDA contracts.

4. Documentation and Assessment Requirements

To become an eligible Supplier, the following must be submitted to the Contracting Officer at Agricultural Marketing Service, U.S. Department of Agriculture, Stop 0253, Room 2610-South Building, 1400 Independence Avenue, SW, Washington, D.C. 20250-0253, for evaluation and approval prior to bidding:

- a. Product Sample Requirement:
 - i. For each item offered, six (6) cans of product--the sample cans must be labeled to include the ingredients statement and Nutrition Facts Panel that conforms to the TDS-CM, dated November 2000 and Amendments 1 and 2 or TDS-LM, dated February 2001.
- b. Technical Proposal Requirement:
 - i. Include a detailed description of each item offered and each of the production steps that are taken to meet or exceed the minimum product requirements set forth in TDS-CM, dated November 2000 or TDS-LM, dated February 2001
 - ii. Describe all the quality assurance methods used to verify conformance to all requirements. This will include the monitoring and measurements taken during the process to verify conformance with each requirement. All measurement results shall be recorded and made available to AMS.
 - iii. Identify all corrective actions to be taken if deviations from contractual and specification requirements occur during production, and all preventative actions to be taken to preclude a reoccurrence.

NOTE: There will be an approximate turn around time of 10 working days between receipt of sample product(s) and technical proposal(s) to the notification of results of the evaluation(s).

Suppliers with samples and technical proposals meeting the applicable criteria should contact the ARC Branch on (202) 720-1124 to set up a Supplier pre-award on-site capability assessment.

c. Assessment by the ARC Branch

After the sample(s) and the technical proposal(s) are evaluated and approved, an ARC Branch audit team will perform an on-site assessment of the facilities, processes, and quality control program used to produce the product(s) to determine the Supplier's ability to meet contractual requirements. The following assessments will apply:

i. Pre-Award On-site Capability Assessment:

The pre-award on-site assessment (audit) will include an evaluation of the potential Contractors' and Subcontractors' facilities, processes, quality control program, equipment, procedures, and the appropriate documents and forms used during the production of the canned meat product. Documentation must support the production of a product that complies with the TDS-CM and Amendment 1 and 2, or TDS-LM. In addition, the audit will consist of the review of records related to purchasing, receiving, production, quality control, inventory and shipping, and interviews with management and production personnel.

Upon completion of the on-site capability assessment, the ARC auditor will provide a report to the Contracting Officer for final review. Once the Supplier has satisfactorily completed the pre-award on-site capability assessment, the Supplier will receive written notification from the Contracting Officer of their eligibility to bid.

If the on-site assessment demonstrates deficiencies in one or more areas, the applicant will be notified by the Contracting Officer that they are ineligible to bid. The applicant will have the opportunity to correct identified deficiencies, modify their process and/or technical proposal, and resubmit for further consideration. Eligibility will be dependent upon whether modifications demonstrate that the potential Contractor is capable of delivering canned meat products in compliance with TDS-CM and TDS-LM and the applicable assessment by USDA.

ii. Post-Award Assessment

Eligible suppliers who receive contracts must have their technical proposals and supporting documentation readily available for review by AMS agents. Records may be maintained on hard copy or electronic media. However, records maintained as electronic media will be made available in printed form immediately upon request by AMS or its agents.

The ARC Branch will conduct an on-site audit of the Contractor's and Subcontractor's facilities and processes when production commences on the first contract awarded. Additional audits will be conducted as determined by the Contracting Officer, but not less than one per month for Contractors with continuous contracts, or once per contract for intermittent Contractors. More frequent audits will be conducted when audit deficiencies are detected.

iii. Post-Award Actions

Any deviation from contractual requirements will be immediately reported to the Contracting Officer. The Contracting Officer will notify the Contractor regarding eligibility to continue to participate as a Contractor.

Contractor will assure that the delivered product complies with the provisions of the TDS-CM or TDS-LM and the Contractor's Technical Proposal approved by the Contracting Officer.

5. Responsibility of Subcontractors/Suppliers

Contractor shall include, and Subcontractors must meet, the responsibility terms in paragraph D.3. above in every subcontract for supplies or services used by the Contractor in fulfilling USDA contracts, either directly or indirectly and obtain certification of responsibility as described in Appendix-1 to Announcement LS-98 from Subcontractors and Suppliers.

Contractors shall include, and Subcontractors must comply with, the domestic products clause in paragraph I.F. in all subcontracts for meat or meat products used in fulfilling any contracts awarded under this Announcement. Subcontractors or Suppliers of beef or pork to be used in fulfilling contracts must be approved by the ARC Branch for compliance with the domestic origin requirement prior to their performance on the contract. If a subcontractor is operating under a segregation plan approved by the ARC Branch, all shipping containers must be labeled as "Domestic Only Product" on the principle display panel. Refer to paragraph I.F. of this Announcement and the applicable ARC Branch Instructions for procedures on requesting domestic origin reviews and fees for service.

Subcontractors or Suppliers of the canned meat are (1) ineligible to supply product if they do not have a domestic product program approved by the ARC Branch; or if they are delivering late on USDA contracts or USDA-approved subcontracts and late delivery is not due to causes beyond their control; and (2) nonresponsible if they are not operating under the provisions of the FMIA or have been suspended or debarred under the provisions of 48 C.F.R. Subpart 9.4, or if they have been suspended or debarred as an affiliate of any party who has been suspended or debarred under the provisions of 48 C.F.R. Subpart 9.4.

6. Past Performance

The Offeror must certify to timely performance on current contracts and subcontracts in Section 4, Certification **Item 5** of the offer. A determination that the late performance is beyond the control or negligence of the Contractor or the Contractor's subcontractor **must be made by the Contracting Officer prior to bid opening**. An Offeror will be deemed nonresponsible if the Offeror **or any of its' affiliates or Subcontractors** are delivering late on other contracts or subcontracts with USDA and the late delivery is not due to causes beyond the Contractor's or the Contractor's subcontractor's control. This provision, as it pertains to small business, is a deviation from 48 C.F.R. Subpart 19.6.

A false certification may result in rejection of the offer, suspension, and debarment by USDA, termination of the contract, liability for damages under the provisions of USDA-1, or criminal prosecution.

Offerors are cautioned **NOT TO BID** on product quantities exceeding a level that the Offeror can reasonably expect to deliver in accordance with the contract schedule. On-time delivery is imperative because this product is used in school lunch and other USDA Federal food and nutrition programs. Late deliveries cause serious and substantial damages to USDA and to recipient agencies, some of which cannot be compensated for by liquidated damages. A Contractor shipping late on contract(s) must immediately notify the Contracting Officer of late shipments. If the Contractor intends to request an extension due to causes beyond their control and without the fault or negligence

of the Contractor, the Contractor must provide such notice to the Contracting Officer 3 business days in advance of a bid opening in which the Contractor wants to bid. Notification and request for extension must include (1) documentary evidence of causes beyond Contractor's control for each day requested, (2) a production report of completed and/or expected production including pounds and dates, and (3) actual delivery dates by N/D numbers (see Article 68 of USDA-1).

E. Buy American Certification

End products furnished must be of domestic origin as defined in I.F. below. This provision is a deviation from 48 C.F.R. part 25 and for the purposes of this Announcement supersedes Article 49 of USDA-1. Other minor ingredients, e.g., seasonings, must comply with Article 49 of USDA-1.

F. Domestic Products

All meat or meat products used in fulfilling contracts awarded under Announcement LS-98 must be produced in the United States (U.S.). U.S.-produced means manufactured from livestock raised in the U.S., its territories, possessions, Puerto Rico, or the Trust Territories of the Pacific Islands (hereinafter referred to as the United States). U.S.-produced does not include imported cattle or hogs imported for direct slaughter. If any pork or beef products originate from sources other than the U.S. are processed or handled, the Contractor will develop and maintain an identification and record system for these products to ensure they are segregated and not used to fulfill contracts awarded under this Announcement. Such segregation plan must be made available to the ARC Branch agent. The Contractor will maintain records including, but not limited to, invoices, production and inventory records evidencing product origin, and to make such records available for review by the Government in accordance with Article 76 of USDA-1. The Contractor agrees to include this domestic origin certification clause in its entirety in all subcontracts for meat or meat products used in fulfilling any contracts awarded under this Announcement and obtain certification from each meat subcontractor that (1) the Subcontractor has been approved by the ARC Branch for compliance with domestic origin requirements; (2) the Subcontractor will deliver only meat or meat products originating from U.S. produced livestock as defined herein; and (3) meat produced under an approved ARC Branch segregation plan will be shipped in containers labeled as "Domestic Only Product" on the principle display panel.

Prior to performance on USDA contracts or subcontracts, Contractors and meat Subcontractors must obtain approval of its domestic product program from the ARC Branch (see the ARC Branch instructions for procedures on requesting reviews).

G. Cancellation, Rescission, and Recovery of Funds for Illegal or Improper Activity

1. If the Government receives information that a Contractor or a person has engaged in conduct constituting a violation of subsection (a), (b), (c), or (d) of section 27 of the Office of Federal Procurement Policy Act (41 U.S.C. 423) (the Act), as amended by section 4304 of the National Defense Authorization Act for Fiscal Year 1996 (P.L. 104-106), the Government may:

- a. Cancel the solicitation, if the contract has not yet been awarded or issued; or

b. Rescind the contract with respect to which:

- (1) Contractor or someone acting for the Contractor has been convicted for an offense where the conduct constitutes a violation of subsection 27(a) or (b) of the Act for the purpose of either (a) exchanging the information covered by such subsections for anything of value; or (b) obtaining or giving anyone a competitive advantage in the award of a Federal agency procurement contract; or
- (2) The head of the contracting activity has determined, based upon a preponderance of the evidence, that the Contractor or someone acting for the Contractor has engaged in conduct constituting an offense punishable under subsection 27(e)(1) of the Act.

2. If the Government rescinds the contract under paragraph 1 of this clause, the Government is entitled to recover, in addition to any penalty prescribed by law, the amount expended under the contract.

3. The rights and remedies of the Government specified herein are not exclusive, and are in addition to any other rights and remedies provided by law, regulation, or under this contract.

H. Service of Protest

1. Protests, as defined in 48 C.F.R. part 33.101, that are filed directly with an agency, and copies of any protests that are filed with the General Accounting Office (GAO), shall be served on the Contracting Officer by obtaining written and dated acknowledgment of receipt from the Contracting Officer designated in Section II. A.

2. The copy of any protest shall be received by the Contracting Officer at the mailing address listed in Section II. A. within 1 day of filing a protest with the GAO.

II. SUBMISSION OF OFFERS

A. Where and How to Submit Offers

1. Electronic Submission of Offers

All Offers must be submitted electronically by accessing the Domestic Electronic Bid Entry System (DEBES). Browser Requirements for DEBES for electronic bidding are described in Attachment I. An Offeror must request and receive a DEBES Logon ID in order to access the website (see Attachment II for the form to request a logon ID). Only suppliers deemed responsible will receive a DEBES Logon ID.

Access the DEBES website at:

<https://pcsd.usda.gov:3077/mdbc1000.exe?>

Once connected to DEBES, follow the online procedures. Click on the “Help button” for detailed instructions on using the system or call 202-720-2650 for assistance.

AMS will not be responsible for any failure attributed to the transmission of the bid data prior to being accepted and stored on our web server including, but not limited, to the following:

- (a) Any failure of the offeror's computer hardware or software,
- (b) Availability of your Internet service provider,
- (c) Delay in transmission due to the speed of your modem, or
- (d) Delay in transmission due to excessive volume of Internet traffic.

If an Offeror's Internet Service Provider (ISP) is not available, an Offeror may submit a FAX bid. If an Offeror plans to submit a FAX bid, Offeror **MUST** contact the Contracting Officer for approval prior to faxing offers.

Note: Exhibits C and D provide an example of how offers may be submitted by fax:

- (e) Facilities for receiving offers by FAX are as follows. Submission by FAX is only to be used in the event the Offeror's ISP service is not available and with approval of the Contracting Officer.

FAX (202) 205-1976 (24 Hours)

- (f) Verification: **USDA-AMS-InformationTechnology, Information Systems Support Branch (ISSB), Communications Center**

(202) 720-2104 (6:30 a.m. - 3:00 p.m., Central Time, Monday - Friday)

Faxed offers, modifications, or withdrawals of offers must be addressed as follows:

Contracting Officer
Livestock and Seed Program
Agricultural Marketing Service
U.S. Department of Agriculture
Stop 0253 Room 2610-South Building
1400 Independence Avenue, SW
Washington, D.C. 20250-0253

B. Where and When to Submit Offers

Offers, modifications, or withdrawals of offers must be submitted to the Contracting Officer, Livestock and Seed Program, Agricultural Marketing Service (AMS), U.S. Department of Agriculture, Washington, D.C. 20250.

Offers, modifications, or withdrawals of offers under this Announcement must be received in the **DEBES Lockbox or, if authorized by the Contracting Officer, faxed to the NTS's Communications Center not later than 1:00 p.m., Central Time**, on the date specified in the Invitation. A planned purchase schedule for canned meat products is included as Exhibit E. USDA may change this schedule or cease purchases depending on market conditions or funding considerations. Invitations will be issued by Facsimile and be available electronically through the USDA, AMS Commodity Procurement Home Page and posted on the DEBES Internet site. If the planned bid date on Exhibit C or the Invitation falls on a nonworkday for USDA employees in the

District of Columbia, offers, modifications, or withdrawals are to be received by **1:00 p.m., Central Time** on the next succeeding business day. Whether an offer, modification, or withdrawal is received within the time limitation will be determined by the last submission time recorded in DEBES or electronically captured at the AMS-NTS-Communications Center in the event a bid is faxed.

C. Shipping Periods

Planned shipping periods by invitation are identified in Exhibit E. USDA may change this schedule. Bidders are cautioned to refer to the applicable invitation prior to bidding.

D. Purchase Units

The purchase unit size for canned pork and canned beef is 36,018 pounds net weight (828 shipping containers) or multiples thereof. The purchase unit size for canned luncheon meat is 36,000 pounds net weight (800 shipping containers) or multiples thereof. The quantity offered on bids must be in purchase unit increments. An offeror may bid the entire quantity on the Invitation or a greater amount, but not less than one unit--36,018 pounds or 36,000 pounds, as applicable. Only one offer price may be quoted to any delivery point listed from each shipping point, including combined destinations bracketed as one line item. Offerors may rearrange the destination sequence on these combined delivery units.

E. What to Submit

An offer must include each of the following items:

Section 1--General

1. Name, phone number, and complete address and zip code of Offeror (include both street and mailing address if different).
2. Identify submission as a bid.
STATE: Bid--ANNOUNCEMENT LS-98, Invitation No._.
3. Name and street address including zip code of (a) final processing point and (b) shipping point.

Section 2--Offer Form

1. Item number listed on applicable Invitation, destination, and price per pound delivered to specific destination, segregated by product type if more than one is requested.

Notes: For bids other than electronic, Offerors may, at their own risk, exclude name of destination. Errors in item number(s) will not be apparent to Contracting Officer.

Quote only one delivered price per pound for each destination or multiple destinations listed as one item number. If more than one price per item is quoted, the line item will be ruled nonresponsive.

Estimated number of purchase units by destination will be listed on the Invitation. USDA may adjust the quantities listed on the Invitation based on offerings, market conditions, and/or program requirements.

Transportation restrictions will be shown on the Invitations.

The Offeror may submit offers for as many destinations as desired. The maximum quantity to be awarded is determined by the constraints quoted in Section 3, Constraints of the bid.

Offer prices may be quoted up to four places to the right of the decimal point. **If other than four places, any digit past the fourth will automatically be dropped.**

Section 3--Constraints

1. State maximum quantity overall for Invitation, both in number of purchase units and equivalent net pounds for shipment to required destinations between (date) and (date) .

Notes: If offering for more than one processing point, be sure to indicate the number of units offered for each commodity type and/or maximum quantity overall for each processing point.

Maximum quantity offered may be greater than demand shown on the Invitation.

Total maximum quantity overall for specific product types or Invitation is optional. If total overall is not quoted, AMS may award up to the maximum for each type.

State the applicable delivery period(s) associated with the Invitation.

Section 4--Certifications

1. For this bid, your company is designated as: (choose one)

- ☐ Large Business
- ☐ Large Minority Business
- ☐ Large Woman-Owned Business
- ☐ Large Woman-Owned Minority Business
- ☐ Small Business
- ☐ Small Minority Business
- ☐ Small Disadvantaged "Not 8A"
- ☐ Small Woman-Owned Minority
- ☐ Small Woman-Owned "Not 8A"
- ☐ "8a" Small Woman-Owned
- ☐ "8a" Small Disadvantaged

NOTE: For bids submitted electronically, if default designation is incorrect, please choose correct designation and notify Contracting Officer.

2. By submitting this bid, Offeror certifies it HAS read and DOES agree to the terms of LS-98; Appendix-1; Inv. ____; TDS-CM, dated November 2000, and Amendment 1 and 2 or TDS-LM, dated February 2001, and the IMPS General Requirements, qualified

manufacturer's documented production process and quality control manual; AMS audit team's initial report; USDA-1, Rev. 2, and Amds. 1, 2, 3, and 4.

- ☐ HAS
- ☐ DOES

- 3 (a) Annual Representations, Certifications, and Warranties (Appendix-1) submitted to the Contracting Officer are current, accurate, and complete. Submitted to Contracting Officer (mm/dd/yyyy): _____

(b) If Appendix HAS been amended, enter date amended: _____ or N/A.

4. Offeror certifies that the SF-129 on file with the Contracting Officer is accurate and part of this offer.

- ☐ Does
- ☐ Does Not

5. All product required under any existing USDA contract(s) or subcontract(s) with a Not Later Than Date prior to this bid opening HAS been delivered?

- ☐ Has
- ☐ Has Not
- ☐ Has Not, But Has Notified C/O
- ☐ No Existing Contracts

6. By submitting this bid, offeror certifies that all product conforms with the applicable TDS-CM, dated November 2000, and Amendments 1 and 2 or TDS-LM, dated February 2001 and no changes to the production process or written documents have occurred without proper approval by the Contracting Officer.

- ☐ Does

7. Show name, title, fax number, and phone number of person submitting this bid (must be an authorized company representative).

NOTE: **Exhibits C and D**, attached, show how offers may be submitted by FAX , giving all essential details in the briefest possible manner using above format. This format is for use only in the event an Offeror's ISP is unavailable at time of bid closing.

III. ACCEPTANCE OF OFFERS

The USDA will award contracts to offerors deemed eligible and whose bids conform to the Announcement and the applicable Invitation and whose bids are most advantageous to the Government in terms of, but not limited to, price, quantity needs at the specified destinations, and cost. The USDA requires a minimum acceptance period of 7 calendar days. Acceptance of offers will be made by FAX filed at Washington, D.C., not later than midnight, Washington, D.C. time, the seventh day following the day for receipt of offers. The official time of award is the date and time stamped on the contract faxed from the AMS, LS, and CP Branch. Transmission of the contract is the official notice that the contract has been awarded. A notice of award will also be issued in the form of

a Food Purchase Report (FPR) posted at the Department's Office of Information, News Division, after **1:00 p.m., Central Time** on the day of acceptance. Information on awards will be available by telephone to bidders and interested parties promptly following the posting of the FPR. Inquiries may be made to a USDA-AMS Market News office or the Contracting Officer. Information on awards is also available electronically through the **USDA, AMS Commodity Procurement Home Page** (see Notice attached).

Failure to accept an offer by AMS will constitute rejection. Filing of the acceptance wire as specified above will result in a binding contract without further action by either party. The actual time of award described herein deviates from 48 C.F.R. 14.408-1.

IV. PROVISIONS OF CONTRACT

The contract consists of Announcement LS-98; the applicable Invitation; TDS-CM or TDS-LM, IMPS General Requirements, applicable ARC or MGC Branch instructions, Contractor's or Subcontractor's (manufacturer's) process documentation and quality control manual approved by the Contracting Officer; the AMS audit team's initial report, Contractor's offer including SF-129 and Appendix-1; the acceptance by USDA; and USDA-1 except Articles 34, 49, 50, 64(c), and all of Part E.

If the provisions of contract documents are not consistent, the following priority order will prevail: Invitation, Announcement, TDS-CM and/or TDS-LM, IMPS General Requirements, Contractor or Subcontractor's production process documentation and quality control manual approved by the Contracting Officer, AMS Audit Team's Initial Report, Appendix-1, and USDA-1.

V. PRODUCT ITEM DESCRIPTION AND CHECKLIST OF REQUIREMENTS AND CERTIFICATION SERVICES

A. Specifications for canned pork, canned beef, and canned luncheon meat will be set forth in the TDS-CM or TDS-LM and IMPS General Requirements. If documents are amended, appropriate amendments must be referenced.

B. Compliance with processing requirements as described in the TDS-CM or TDS-LM, IMPS General Requirements, and Contractor/Subcontractor's process documentation and quality control program will be verified through audits by AMS agents. The cost of all audits, including the pre-award on-site assessment, must be borne by the Contractor.

Questions concerning charges and the availability of AMS auditors should be discussed with the ARC Branch in Washington, D.C. at (202) 720-1124. Questions concerning charges and the availability of the AMS agents for checkloading should be discussed with the nearest MGC Branch field office or telephone the Office of Field Operations, Denver, Colorado (303) 294-7676.

VI. LOSS DUE TO DETERIORATION, SPOILAGE, OR RECALL

A. Loss Due to Deterioration or Spoilage

The Contractor will be liable for losses due to deterioration or spoilage for which he or she is responsible, which are discovered within 9 months of the delivery date to USDA, in accordance with the provisions of Article 61 of USDA-1.

B. Liabilities Due to Product Recalled for Health or Safety Risk

In accordance with Article 60 of USDA-1, the Contractor shall be held liable for failure of the commodity to meet all of the contract and specifications requirements. In the event, product is recalled due to a health or safety risk, the Contractor is responsible for removal and replacement of recalled products and reimbursement of State and local costs incurred as a result of the recall, as outlined in the Food and Nutrition Service's Commodity Holds and Recall Process. These costs include, at a minimum, storage, transportation, processing, and distribution of the commodities.

If product under contract is to be delivered to a facility for further processing under contract with a State and the product is recalled, it will be handled in accordance with the Food and Nutrition Service's Commodity Holds and Recall Process. A copy of the report can be obtained at the following web address: <http://www.fns.usda.gov/fdd/foodsafety/hold-recallpros.pdf>

VII. INSPECTION AND CHECKLOADING

The Contractor will not ship the product before receipt of shipping instructions from the Farm Service Agency (FSA) Kansas City Commodity Office (KCCO). Inspection as required by Article 54 of USDA-1 will be performed by AMS agents through Supplier assessment and post award audits as described in the appropriate TDS.

Checkloading by an AMS agent as described in Article 55 of USDA-1 is at the option of the Contractor. If transportation is provided by common carrier under Option 1, the Contractor must, in support of the Contractor's invoice, furnish a copy of the original USDA Agricultural Products Acceptance Certificate indicating the carrier's receipt of the product covered by the invoice for transportation to the destination specified in the contract. If transportation is provided by other than common carrier, the Contractor must attach to the Contractor's invoice a receipted copy of the appropriate delivery document evidencing date of delivery and quantity received at the destination specified in the contract.

Option 1- AMS Checkloading

At the request of the Contractor, an AMS agent (on a fee basis) will checkload the product at the time of shipment and perform the following duties as described in the TDS-CM or TDS-LM:

1. Conduct an external condition of container examination;
2. Supervise the loading and sealing of each truck; and
3. Issue a final Acceptance Certificate that may be used for payment purposes.

Option 2 - Contractor Checkloading

Contractor will perform checkloading examinations as described in TDS-CM or TDS-LM at the time of shipment and issue contractor's certificate to accompany each shipment that contains the following information:

1. Contract Number
2. Notice-to-Deliver Number
3. Name of product
4. Shipping Date
5. Production lot number(s) and date each lot was produced

6. Count of shipping containers and total projected net weight in each production lot. The shipping unit will be 36,018 pounds (822.1 g) net weight (828 containers per offer unit) for canned beef and canned pork. The shipping unit will be 36,000 pounds (850 g) net weight (800 containers per offer unit) for canned luncheon meat. A tolerance of 15 above and below 36,018 pounds for canned beef and canned pork and 36,000 pounds for canned luncheon meat shall be permitted only on the final shipment of each contract.
7. Identity of car or truck (car numbers and letters, seals, truck license, etc.) as applicable
8. Contractor certification that product conforms with TDS-CM or TDS-LM.
9. Count and projected net weight verified.
10. Signature of company official responsible for checkloading.

VIII. SHIPMENT--TRANSFER OF TITLE

A. Shipping Requirements

Shipment must be made in accordance with this Announcement, the applicable Invitation, Articles 56 and 64(b) of USDA-1, and the Notice-to-Deliver (Form KC-269) issued by KCCO. The Contractor must closely follow delivery notification instructions contained in the Notice-to-Deliver. Such notification of shipment is vital to proper execution of shipment, particularly in cases of minimal transit time.

The Contractor must notify State distributing agencies and consignees of shipment. For rail shipment, notification must be made on the day of shipment. For truck shipment, notification of the estimated arrival time should be made as far in advance of delivery as possible. In addition, for truck or piggy-back shipment, the Contractor must request and keep scheduled appointments. **Unloading appointments for truck or piggy-back deliveries or shipment must be requested from the consignee contact party(ies) at least 24 hours in advance of delivery.** If product is shipped using an AMS agent to checkload as described in shipping Option 1, Section VII. Inspection and Checkloading, a copy of the original USDA Agricultural Products Acceptance Certificate must accompany each shipment so that it will be easily available to the warehouseperson or consignee (as applicable) upon arrival. If the Contractor performs checkloading as provided by Option 2 in Section VII, the Contractor must include with each shipment the Contractor's certificate and a signed bill of lading or other commercial documentation evidencing the quantity shipped with each delivery. If product is shipped in other than a commercial carrier and a bill of lading is not issued, the Contractor's checkloading certificate must document quantity shipped and Contractor must obtain a commercial receipt (i.e., warehouse receipt) signed by recipient agent evidencing date of shipment and quantity of product received.

B. Tolerances

No tolerance from the quantity called for in the shipping instruction shall be permitted except that a variation of plus or minus 15 shipping containers of product shall be allowed only on the final shipment of each contract.

C. Early Shipping Requests

Requests for permission to ship in advance of the "Not-Earlier-Than" date given in the Notice-to-Deliver must be made to KCCO and approval will be granted if consignee is willing to accept product early and provides to KCCO the assurances required by KCCO of that arrangement.

D. Transfer of Title

Title and risk of loss will pass to USDA on the date of receipt of the product at the destination specified in the contract, as evidenced by suitable dated documentation such as the **commercial bill of lading**, warehouse receipt, dock receipt, or other similar signed and dated document evidencing delivery. If the Contractor has the product in storage and transfer of title is requested, title will pass to USDA as evidenced by the **commercial bill of lading** after final certification of the shipping unit by an AMS agent. The Contractor is responsible for any shortage or damages as evidenced by the **commercial bill of lading, FNS-57 report**, or other commercial receipt evidencing delivery of product.

IX. LIQUIDATED DAMAGES

A. Compensation to Contractor for Late Mailing of Notice-to-Deliver

Liquidated damages for delay in shipment due to late mailing of Notice-To-Deliver will be payable in accordance with Article 65 of USDA-1 and will be at the rate of 25 cents per hundredweight **net per calendar day**.

B. Compensation to USDA for Delays in Shipment

Timely delivery is important to fulfill the nutritional and dietary needs of persons consuming canned meat products under the Child Nutrition and other Federal food and nutrition programs and for the efficient and proper administration of these programs. Liquidated damages for delay in shipment are payable at the rate of 25 cents per hundredweight net per day in accordance with Article 67 of USDA-1. For purposes of assessing liquidated damages for delay in shipment, the date shown on the AMS acceptance certificate (Option 1) or Contractor's certificate is considered to be the date of shipment.

X. INVOICES AND PAYMENT

A. Shipping Period

Invoicing and payment will be handled in accordance with Article 70 of USDA-1. A properly prepared invoice consists of the following:

AMS Checkloading (Section VII - Option 1)

If product is checkloaded by an AMS agent, Contractor may invoice at the time of shipment. A properly prepared invoice consists of the following:

- (1) Invoicing as provided for on the Notice-to-Deliver (Form KC-269) or commercial invoice form;
- (2) Commercial bill of lading signed by carrier's agent; and
- (3) Original USDA Agricultural Products Acceptance Certificate issued at time of shipment.

Contractor Checkloading (Section VII - Option 2)

- (1) Invoicing as provided for on the Notice-to-Deliver (Form KC-269) or commercial invoice form;

- (2) Commercial bill of lading or other commercial receipt signed by recipient agent evidencing quantity shipped and date of shipment, and
- (3) Original of Contractor's checkloading certificate issued at time of shipment.

If a commercial bill of lading signed by carrier's agent is not issued, the invoice package must include a (i.e., warehouse receipt) signed by recipient agent evidencing date of shipment and quantity of product received.

Any loss in transit will be determined by an Over, Short, or Damage Report (FNS-57) filed by recipient. KCMO will advise Contractor of discrepancy and recover loss by setoff from future payments or process a claim.

Contractors are encouraged to instruct carriers to return bills of lading or other commercial receipts signed by recipient agents evidencing the date and quantity of product received to avoid conflicts. If there is a conflict, the bill of lading signed by the recipient representative will prevail unless the discrepancy is due to damage not discernable at time of delivery.

B. Invoice Mailing & Interest

1. The invoice package must be mailed or delivered to Kansas City Management Office (KCMO) at the address listed in Section XI of the Announcement. The outside of the package should be marked:

**"Prompt Pay Provisions Apply--Meat Product
Attn: Vendor Invoice Payment Section"**

2. Interest will be paid in accordance with the provisions of the Prompt Payment Act if payment is made beyond the seventh day after the date of delivery. For payment purposes, the date of delivery will be the receipt date by KCMO of a properly prepared invoice.

C. Electronic Payment

USDA payments must be made directly to a financial banking institution. To receive payments electronically, complete the attached Form SF-3881, ACH Vendor Payment Enrollment Form and submit to the Kansas City Management Office, Commodity Financial Operations Division, Inventory Control Branch; Telephone (816) 926-6988.

USDA will no longer issue a paper copy of the disbursement statement. Please note attached Notice on how to obtain the disbursement information electronically.

Complete the attached address information form, which identifies payment disbursement statement address as well as other information needed.

XI. INQUIRIES

Inquiries pertaining to this Solicitation and applicable documents should be directed to the Contracting Officer, Livestock and Seed Program; USDA, AMS, Stop 0253-Room 2610-S; 1400 Independence Avenue, SW; Washington, D.C. 20250-0253. Telephone: (202) 720-2650.

Inquiries concerning shipping instructions should be directed to:

Director, Kansas City Commodity Office (KCCO)
Farm Service Agency
U.S. Department of Agriculture
P.O. Box 419205
Kansas City, MO 64141-6205

Telephone: (816) 926-6062 (concerning shipping instructions)

Inquiries concerning payments should be directed to:

Director, Kansas City Management Office (KCMO)

INSTRUCTIONS

Persons or concerns wishing to be added to a particular agency's bidder's mailing list for supplies or services shall file this properly completed Solicitation Mailing List Application, together with such other lists as may be attached to this application form, with each procurement office of the Federal agency with which they desire to do business. If a Federal agency has attached a Supplemental Commodity list with instructions, complete the application as instructed. Otherwise, identify in Item 10 the equipment, supplies, and/or services on which you desire to bid. (Provide Federal Supply Class or Standard Industrial Classification codes, if available.) The application shall be submitted and signed by the principal as distinguished from an agent, however constituted.

After placement on the bidder's mailing list of an agency, your failure to respond (submission of bid, or notice in writing, that you are unable to bid on that particular transaction but wish to remain on the active bidder's mailing list for that particular item) to solicitations will be understood by the agency to indicate lack of interest and concurrence in the removal of your name from the purchasing activity's solicitation mailing for items concerned.

SIZE OF BUSINESS DEFINITIONS (See Item 11A.)

a. Small business concern - A small business concern for the purpose of Government procurement is a concern, including its affiliates, which is independently owned and operated, is not dominant in the field of operation in which it is competing for Government contracts, and can further qualify under the criteria concerning number of employees, average annual receipts, or the other criteria, as prescribed by the Small Business Administration. (See Code of Federal Regulations, Title 13, Part 121, as amended, which contains detailed industry definitions and related procedures.)

b. Affiliates - Business concerns are affiliates of each other when either directly or indirectly (i) one concern controls or has the power to control the other, or (ii) a third party controls or has the power to control both. In determining whether concerns are independently owned and operated and whether or not affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationship. (See Items 8 and 11A.)

c. Number of employees - (Item 11B) In connection with the determination of small business status, "number of employees" means the average employment of any concern, including the employees of its domestic and foreign affiliates, based on the number of persons employed on a full-time, part-time, temporary or other basis during each of the pay periods of the preceding 12 months. If a concern has not been in existence for 12 months, "number of employees" means the average employment of such concern and its affiliates during the period that such concern has been in existence based on the number of persons employed during each of the pay periods of the period that such concern has been in business.

TYPE OF OWNERSHIP DEFINITIONS (See Item 12.)

a. "Disadvantaged business concern" - means any business concern (1) which is at least 51 percent owned by one or more socially and economically disadvantaged individuals; or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more socially and economically disadvantaged individuals; and (2) whose management and daily business operations are controlled by one or more of such individuals.

b. "Women-owned business" - means a business that is at least 51 percent owned by a woman or women who are U.S. citizens and who also control and operate the business.

TYPE OF BUSINESS DEFINITIONS (See Item 13.)

a. "Manufacturer or producer" - means a person (or concern) owning, operating, or maintaining a store, warehouse, or other establishment that produces, on the premises, the materials, supplies, articles or equipment of the general character of those listed in Item 10, or in the Federal Agency's Supplemental Commodity List, if attached.

b. "Service establishment" - means a concern (or person) which owns, operates, or maintains any type of business which is principally engaged in the furnishing of nonpersonal services, such as (but not limited to) repairing, cleaning, redecorating, or rental of personal property, including the furnishing of necessary repair parts or other supplies as a part of the services performed.

- **COMMERCE BUSINESS DAILY** - The Commerce Business Daily, published by the Department of Commerce, contains information concerning proposed procurements, sales, and contract awards. For further information concerning this publication, contact your local Commerce Field Office.

SAMPLE OFFER WIRE OR LETTER

Format to follow only in the event of USDA system failure or an Offeror's ISP is unavailable at the time of bid closing.

NOTE: FAX bids must be authorized by the Contracting Officer prior to submission in the event of a USDA system failure or company's ISP is unavailable.

The following example shows how offer wires or letters may be submitted giving all essential details in the briefest possible manner. Basic to this procedure is a number identification with each line item of information required in the offer (See format in Section II E of Announcement LS-98.)

Browser Requirements For DEBES

Netscape 4.07 or above
Internet Explorer 5.0 or above

The browser must be capable of handling 128 bit encryption. To determine this:

In IE, go to **Help/About Internet Explorer**. The display will show:

Cipher Strength: 128-bit

If it does not, you will need to download a new version of the browser from Microsoft at <http://www.microsoft.com>.

In Netscape, go to **Help/About Communicator**. The display will show:

**This version supports U.S. security with
RSA Public Key Cryptography, MD2, MD5,
RC2-CBC, RC4, DES-CBC,
DES-EDE3-CBC.**

If it does not, you can download a new version of the browser from Netscape at <http://home.netscape.com/download/index.html?cp=djucc4>. Choose the 128 bit Strong Encryption* version for your download.

The **Production** site URL address is:

<https://pcsd.usda.gov:3077/mdbc1000.exe?>

The **Vendor Practice** site URL address is:

<https://pcsd.usda.gov:3050/mdbc1000.exe?>

Proxy Servers

Most connection problems are the result of improper browser version, not using 128 bit encryption, and connecting through your corporate proxy server. The proxy server must be set up to allow HTTPS protocol through the appropriate port; Vendor Practice is port 3050 and Production is port 3077.

**ACH VENDOR/MISCELLANEOUS PAYMENT
ENROLLMENT FORM**

OMB No. 1510-0056

Expiration Date 01/31/2000

This form is used for Automated Clearing House (ACH) payments with an addendum record that contains payment-related information processed through the Vendor Express Program. Recipients of these payments should bring this information to the attention of their financial institution when presenting this form for completion.

PRIVACY ACT STATEMENT

The following information is provided to comply with the Privacy Act of 1974 (P.L. 93-579). All information collected on this form is required under the provisions of 31 U.S.C. 3322 and 31 CFR 210. This information will be used by the Treasury Department to transmit payment data, by electronic means to vendor's financial institution. Failure to provide the requested information may delay or prevent the receipt of payments through the Automated Clearing House Payment System.

INSTRUCTIONS FOR COMPLETING SF-3881 FORM

1. Agency Information Section - Federal agency prints or types the name and address of the Federal program agency originating the vendor/miscellaneous payment, agency identifier, agency location code, contact person name and telephone number of the agency. Also, the appropriate box for ACH format is checked.
2. Payee/Company Information Section - Payee prints or types the name of the payee/company and address that will receive ACH vendor/miscellaneous payments, social security or taxpayer ID number, and contact person name and telephone number of the payee/company. Payee also verifies depositor account number, account title, and type of account entered by your financial institution in the Financial Institution Information Section.
3. Financial Institution Information Section - Financial institution prints or types the name and address of the payee/company's financial institution who will receive the ACH payment, ACH coordinator name and telephone number, nine-digit routing transit number, depositor (payee/company) account title and account number. Also, the box for type of account is checked, and the signature, title, and telephone number of the appropriate financial institution official are included.

BURDEN ESTIMATE STATEMENT

The estimated average burden associated with this collection of information is 15 minutes per respondent or recordkeeper, depending on individual circumstances. Comments concerning the accuracy of this burden estimate and suggestions for reducing this burden should be directed to the Financial Management Service, Facilities Management Division, Property and Supply Branch, Room B-101, 3700 East-West Highway, Hyattsville, MD 20782 and the Office of Management and Budget, Paperwork Reduction Project (1510-0056), Washington, DC 20503.

JUNE 2001

NOTICE TO THE TRADE
USDA MEAT AND FISH SUPPLIERS

This notice is to inform USDA Meat and Fish Contractors and potential Contractors of the Farm Service Agency (FSA) Electronic Distribution of Disbursement Data Web Site. Effective June 15, 2001, FSA will no longer print or mail hard copy disbursement statements to FSA customers. To continue receiving detailed payment information, access the registration instructions at the FSA Disbursement Data Web Site at <http://pcsd.usda.gov/finance>.

If further information is needed concerning the web site, please contact Sharon Menasco on (816) 926-2120 or Henrietta Cooke on (202) 720-2650.

Attached are the Notice and Registration Instructions issued by FSA.

Subject: Termination of FSA Hard Copy Disbursement Statements

As of June 15, 2001, hard copy disbursement statements that provide detailed payment information will cease to be printed and mailed to FSA customers. You will need to register on the FSA Distribution of Disbursement Data Web site before June 15 to continue getting this information. This action is being taken in compliance with OMB83, Paperwork Reduction Act - 1995 (PRA) and P. L. 105-277 Government Paperwork Elimination Act (GPEA), 1998. If you need a hard copy of the statement, you can print one from the Web page. Once you have registered on the site, you will receive e-mail notifying you whenever new payments are made. You can also use the Web site's search function to find other disbursements made within the last eight weeks.

Our site can be accessed with either a Netscape or Internet Explorer browser that uses 128-bit keys strong encryption. Your company's taxpayer identification number will be the user ID number needed for registering and logging on to the Disbursement site. Instructions on how to register on the site are enclosed with this letter.

The success of the Disbursement Web Site has been validated many times over by FSA customers using it for the last year and a half. The purpose of the site is to give you convenience and control in getting your disbursement information. Feedback received from customers using it, tell us repeatedly, that they are pleased that they no longer must wait for the mailman to bring them their disbursement information or call our office for this information.

In today's environment, many companies are using the Internet in doing every day business to obtain needed information. We are certain that you will find our electronic disbursement system a secure and convenient way of getting your disbursement information. Exception conditions that may prevent you from using the Web site will be considered on a case by case basis.

Follow the five easy steps on the Registration Instructions enclosed with this letter to register today. If you have any questions or need to discuss possible exception conditions, our e-mail address is ED3@KCC.FSA.USDA.GOV or call the Disbursement Help Desk (816) 926-2120.

Sincerely,
George Garrett
Chief, Financial Operations Division
Payment Certification Branch

FSA Electronic Disbursement Web Site Registration Instructions

Help Desk - ED3@kcc.fsa.usda.gov

This site is best viewed using either Netscape 4.x or Internet Explorer 5.x with 128 bit encryption.

The site does not support Netscape 6.0.

Download a browser from one of these sites:

Internet Explorer -128 Bit: <http://www.microsoft.com/windows/ie/default.htm>

Netscape - 128 Bit: <http://cgi.netscape.com/cgi-bin/su/intro.cgi>

Proxy Server Users: The FSA Port 3076 must be set up with the exact same default settings as Microsoft Secure Port 443.

<http://support.microsoft.com/support/kb/articles/q184/0/28.asp>

Step 1

In the location box on the Internet Explorer or Netscape browser, type in the Disbursement site address.

<http://pcsd.usda.gov/finance>

Step 2

The FSA Disbursement home page will be displayed. **Click on Register link.**

Privacy Statement

USDA Home

Step 3

The Registration Page will be displayed. In the box labeled User/Agent ID,

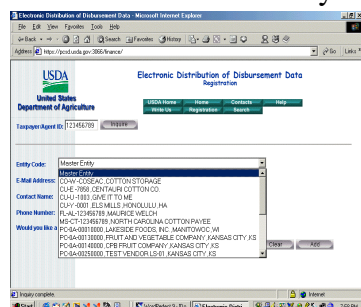

☐ type the company's taxpayer identification number (TIN)

Click on “Inquire” button.

The TIN entered will be sent to the Disbursement data base and verified as a valid number in the FSA system.

Step 4

If the validation is successful, a drop down window will list the FSA reference codes in the FSA Disbursement system.

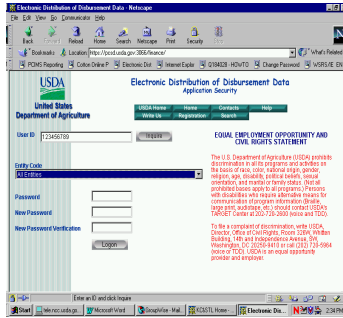

- ❑ If there is more than one code number associated with the TIN, the first entry displayed in the drop down box will be “Master Entity”.

Select a code number that pertains to the disbursements you want to see, and then enter the following information in each of the boxes:

■ e-mail address

■ contact name

?

	<p>■ phone number</p> <p>Click on “Add” button.</p> <p>Repeat this action for each code number listed in the box for which disbursement information is wanted.</p>
<p>Step 4 a</p> <p>Optional</p>	<p>The Master Entity is used as the selection when a company has a corporate office or has someone in the organization that needs to see all payments for all of the entity codes that are associated with the TIN that is entered.</p> <p>To register as a Master Entity,</p> <p><input type="checkbox"/> select “Master Entity” and then enter the same information that is listed in Step #4 above.</p> <p>Click on “Add” button.</p>
<p>Step 5</p>	 <p>The registration information is transferred to the FSA Disbursement data base. The system will recognize each individual code registered as well as the Master Entity code and will send out an e-mail containing a unique password for each individual or master code registered. Once you receive a system password, you can log on to the system. Repeat Step 1 and 2 above <i>except click on Log On Link.</i></p> <p><input type="checkbox"/> enter the taxpayer identification number</p> <p><input type="checkbox"/> select Master or individual code number ?</p> <p><input type="checkbox"/> enter e-mailed system password</p> <p><input type="checkbox"/> enter new password (<i>change system password to one of your own choosing - must be 8 alpha/numeric characters</i>)</p> <p><input type="checkbox"/> enter new password verification (<i>the same new chosen password</i>)</p> <p>Click on “Log on” button.</p>

SOLICITATION MAILING LIST APPLICATION				1. TYPE OF APPLICATION <input type="checkbox"/> INITIAL <input type="checkbox"/> REVISION		2. DATE		OMB No.: 9000-0002 Expires: 10/31/97	
NOTE: Please complete all items on this form. Insert N/A in items not applicable. See reverse for instruction. Public reporting burden for this collection of information is estimated to average .58 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the FAR Secretariat (MVR), Federal Acquisition Policy Division, GSA, Washington, DC 20405.

STANDARD FORM 129 (REV. 12-96)
Prescribed by GSA - FAR (48 CFR) 53.214(e)

INSTRUCTIONS

Persons or concerns wishing to be added to a particular agency's bidder's mailing list for supplies or services shall file this properly completed Solicitation Mailing List Application, together with such other lists as may be attached to this application form, with each procurement office of the Federal agency with which they desire to do business. If a Federal agency has attached a Supplemental Commodity list with instructions, complete the application as instructed. Otherwise, identify in Item 10 the equipment, supplies, and/or services on which you desire to bid. (Provide Federal Supply Class or Standard Industrial Classification codes, if available.) The application shall be submitted and signed by the principal as distinguished from an agent, however constituted.

After placement on the bidder's mailing list of an agency, your failure to respond (submission of bid, or notice in writing, that you are unable to bid on that particular transaction but wish to remain on the active bidder's mailing list for that particular item) to solicitations will be understood by the agency to indicate lack of interest and concurrence in the removal of your name from the purchasing activity's solicitation mailing for items concerned.

SIZE OF BUSINESS DEFINITIONS (See Item 11A.)

a. Small business concern - A small business concern for the purpose of Government procurement is a concern, including its affiliates, which is independently owned and operated, is not dominant in the field of operation in which it is competing for Government contracts, and can further qualify under the criteria concerning number of employees, average annual receipts, or the other criteria, as prescribed by the Small Business Administration. (See Code of Federal Regulations, Title 13, Part 121, as amended, which contains detailed industry definitions and related procedures.)

b. Affiliates - Business concerns are affiliates of each other when either directly or indirectly (i) one concern controls or has the power to control the other, or (ii) a third party controls or has the power to control both. In determining whether concerns are independently owned and operated and whether or not affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationship. (See Items 8 and 11A.)

c. Number of employees - (Item 11B) In connection with the determination of small business status, "number of employees" means the average employment of any concern, including the employees of its domestic and foreign affiliates, based on the number of persons employed on a full-time, part-time, temporary or other basis during each of the pay periods of the preceding 12 months. If a concern has not been in existence for 12 months, "number of employees" means the average employment of such concern and its affiliates during the period that such concern has been in existence based on the number of persons employed during each of the pay periods of the period that such concern has been in business.

TYPE OF OWNERSHIP DEFINITIONS (See Item 12.)

a. "Disadvantaged business concern" - means any business concern (1) which is at least 51 percent owned by one or more socially and economically disadvantaged individuals; or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more socially and economically disadvantaged individuals; and (2) whose management and daily business operations are controlled by one or more of such individuals.

b. "Women-owned business" - means a business that is at least 51 percent owned by a woman or women who are U.S. citizens and who also control and operate the business.

TYPE OF BUSINESS DEFINITIONS (See Item 13.)

a. "Manufacturer or producer" - means a person (or concern) owning, operating, or maintaining a store, warehouse, or other establishment that produces, on the premises, the materials, supplies, articles or equipment of the general character of those listed in Item 10, or in the Federal Agency's Supplemental Commodity List, if attached.

b. "Service establishment" - means a concern (or person) which owns, operates, or maintains any type of business which is principally engaged in the furnishing of nonpersonal services, such as (but not limited to) repairing, cleaning, redecorating, or rental of personal property, including the furnishing of necessary repair parts or other supplies as a part of the services performed.

- **COMMERCE BUSINESS DAILY** - The Commerce Business Daily, published by the Department of Commerce, contains information concerning proposed procurements, sales, and contract awards. For further information concerning this publication, contact your local Commerce Field Office.
